FUELING YOUR FINANCIAL FUTURE SINCE 1935

Energy One Federal Credit Union is a member-focused institution. We provide this monthly newsletter in an effort to help our members be educated and informed in the financial world today.

Solutions to Vacation Blues

If April showers bring May flowers, what does May bring? May brings the end of school and the beginning of summer. This means family vacations, graduations, and college are right around the corner.

Have you thought about what you are going to do? If you have a teenager graduating high school and heading to college, a new car is essential for the long drives back and forth from home and school. If you are planning a vacation for this summer, why not take the nontraditional route and plan a road trip or enjoy your time in an RV? With rates as low as **1.79% APR**, this is not an opportunity you want to pass up.

Most high school graduates are 18 and have had two years of driving under their belt. They've already learned how difficult left turns can be and how texting and driving is a sure way to hit the car in front of you. They've learned how to take care of the car they received two years ago. Why not reward them with a new vehicle? If they are not ready for the responsibility of a new car, refinance the car they currently own. With all the money you are saving, you can buy yourself a new car!

Don't have a teenager, or not in the market to buy a new car? What about a boat or RV? Vacations are increasing in price due to hotels, flights, and restaurants. Eliminate most of those issues with a RV!

Having the freedom to visit wherever you want is liberating. Motor homes give you the privacy of home without having to pay extra. You can save money by eating a few meals in your motor home. Many RV parks include free cable and WiFi. They also include pools, restaurants, and business facilities. With all the added benefits, it is difficult to find a reason NOT to buy one.

Boats are an investment similar to cars. There is no better feeling than when the wind is on your face as water surrounds you on a hot, summer day. Whether you like speed boats or pontoons, Energy One is offering the same rate for new, or refinanced, boats. With the purchase of your own boat, you could have a vacation each weekend! The possibilities of enjoying time with family and friends are endless with these water vessels.

Whether you are looking for a new boat, RV, or car, there is no better place to finance your vehicle than with

Energy One. We are constantly working hard to stay competitive with our rates, so why go anywhere else?

BEST RV PARKS

according to TravelChannel.com

1. Durango RV Resort: Red Bluff, California

Annual Meeting 2014

The Annual Members Meeting was a success! Members enjoyed feasting on gourmet sandwiches, caesar salads, house-made chips, and the famous Double Tree cookies before the presentation. President Curt Coffman presented upcoming product changes at Energy One, including an Identity Theft service. Attendees then reinstated board members who were up for re-election. Doug Rowley, Kenny Workman, and Bill Gallagher were all reinstated onto the Board of Directors. Employees who celebrated anniversaries were recognized. Lori Cherrington, Assistant Branch Manager at Eastgate, Larry Matunas, Executive Vice President,

and Curt Coffman, President, all celebrated 30 year anniversaries. Prizes were handed out, including \$100 cash donated from Energy One. Overall, it was a successful Annual Meeting and we hope to see you next year!
