

Authorization for Cross Account Transfers in Online Bank

My member # _____ **My name** _____

I request and authorize Energy One Federal Credit Union to establish “transfer to” options from any of my accounts under my member number (listed above) using Online Bank. The “transfer to” permission for the accounts listed below will include all share and share draft accounts under that member number.

Member # _____ Member name _____

Member # _____ Member name _____

Member # _____ Member name _____

I understand the account(s) will display in the list of “transfer to” options when I am transferring from my account. I will not be able to view the balance or access transaction history for the account(s).

I understand that if I transfer money to someone else’s account, that money belongs to that person and only the owner(s) of that account may access those funds. Even if I transfer money to an account by mistake, I cannot authorize transfers from someone else’s account and therefore the receiver of the funds transfer alone has the authorization to reverse the transfer.

This order for “transfer to” account options is to remain in effect until I revoke it in writing.
